EDUCATION **Oklahoma State University**, Stillwater, OK GPA: 3.5
B.S., Electrical and Computer Engineering **December 2019**

- Minor in Computer Science
- Coursework in computer structure and assembly, data structures and search algorithms, implementing combinational and sequential logic devices

EXPERIENCE **Southeastern Oklahoma State University**, Durant, OK

IT Support Paraprofessional **July 2015 to July 2016**

- Set up over 250 desktop and laptop computers for university use and configured all security and software applications.
- Automated grueling software installation processes using AutoIT, greatly reducing time spent walking clients through installs and cutting installation support tickets by more than 50%.
- Ranked in the top five for overall fastest ticket completion rate out of approximately 50 present and former employees.
- Resolved over 75 technical support inquiries per month.

Nichols Dollar Saver, Durant, OK

Cashier **May 2014 to August 2014**

- Chosen as a trainer of new cashiers on procedures, customer service, and sales techniques after only one month on the job.
- Created attractive displays to promote items and increase traffic in targeted areas of the store, leading to higher sales of locally-sourced products.

SKILLS Proficient in: Java, C, C++
Prior experience in: C#, AutoIT, MySQL, PHP, HTML, CSS, JavaScript, Python, Shell Scripting
Experience working with oscilloscopes, FPGAs, and Verilog
AutoCAD

PROJECTS More projects available at <https://github.com/knglenn>

CardBot (C) - Command line "card game" that uses probabilities to correctly guess which card is missing from a suit and call a user's bluff with high accuracy.

DocuIT (AutoIT) - Fully automates the installation of a document management suite, cutting installation times by 60%.

RoboController3000 (Java) - Lightweight GUI application used for teleoperation of Parrot ARDrone.

Spacee (Unity/C#) - Fully functional 2D "Space Shooter" game created in a 24 hour span alongside a team for the OKState ACM's 2016 Game Jam competition.
